10. [] Met with Mr. William Gullledge, Staff Director, Senate Post Office and Civil Service Committee, and reviewed in brief with him H. R. 8427, the Agency need for this legislation and previous contacts with the committee and the chairman concerning the handling of this retirement legislation by Armed Services. Mr. Gullledge was of a mind that there would be no problem at this time with the chairman but did desire to study the bill overnight. I plan to meet with him again during the day tomorrow to respond to any questions that he or the chairman might have.
